Why Study German?

German is spoken by 95 million people, and is the most widely spoken language in Europe. Germany is a multicultural society, a global economic and scientific hub, and the largest European trading partner with the US. German is indispensable for advanced study in areas such as science and engineering, as well as literature, media, architecture, and cultural globalization.

At MIT, are you considering a MISTI internship in either Germany, or Switzerland? German IV (21G.404) or equivalent proficiency is required for participation.

SPRING 2019 Tier II

21G.410 Advanced German Communication for Professionals
Exposes students to current issues and language use in German technology, business, and international industrial relations; discusses ramifications of these issues in a larger social and cultural context. Prepares students who wish to work or study in a German-speaking country. Focuses on specialized vocabulary and systematic training in speaking and writing skills to improve fluency and style. Emphasizes communicative strategies that are crucial in a working environment. Includes discussion and analysis of newspaper and magazine articles, modern expository prose, and extensive use of online material. HASS-H

SPRING 2019 Tier III

21G.057 Gender, Race, and Environmental Justice
Addresses the shifting politics of nation, ethnicity, and race in the context of migration and globalization in Germany and Europe. Provides students with analytical tools to approach global concerns and consider Europe and Germany from cross-cultural and interdisciplinary perspectives. Familiarizes students with the ways in which histories of migration, travel, and colonial encounters shape contemporary Europe. Introduces the concepts of transnationalism, diasporic cultures, racism, ethnicity, asylum, and mobility via case studies and materials, including film, ethnography, fiction, and autobiography. Taught in English. HASS-H
